I0241 DRAFTING UPDATES - EMDS CORRECTIONS

08.07.2025

08.07.2025 update: Updated link to M8 Control log via
new public programme page

EMDS REVIEW CODE CORRECTIONS

- Issue identified regarding updates that were made to translate the MHHS Design into the MHHS version of the Energy Market Data Specification (EMDS)
- All discrepancies between the EMDS and the MHHS Design have been identified
- These are not design changes; they are corrections to the EMDS drafting files
- A list of the identified issues has been published on the MHHS Programme's 'M8 Change Control Log' on the [M8 Code Change page](#) of the MHHS Programme website, alongside other Code Drafting changes required for M8
- **Amendments included in the new EMDS drafting** HTML file align with the MHHS Design baselined artefacts and do not require impact assessment
