2   INTRODUCTION

These are the release notes for updates to the MHHS System Integration Testing Operational Test Scenarios and Test cases for Theme 1 & 2.

3   OVERVIEW

This document communicates changes to previously issued content for Theme 1 & 2 to address:

1. Changes made to Test Scenarios agreed last year, during or post Industry review – where collaboration base was not updated with the updated version.
2. Test scenarios descoped last year, as part of or post Industry review where the latest Redlined version was not updated onto Collaboration base.

4 18-March Release:

This section identifies the files included in this release.

Scenarios and Test Cases:
