2 Introduction

This release note covers updates to a select number of SITOPS Test Scenarios and Test cases. The changes made are not material and do not affect the functionality or test area, nor do they invalidate the testing undertaken previously. The updates are cosmetic in nature and provide clarification or readability, and reflect guidance which was previously provided during execution, but not reflected in the test scenarios at the time, due to time or other Programme constraints.

3 Overview

This document communicates changes to previously issued content. It addresses:

1. General updates within SIT Ops Test cases.
