

MHHS Governance and Decision-Making Structure

A Design Authority Group and a Code Forum will also be live post-M10 but are not included here as they are not formal governance groups and will not be facilitated by the PMO

Key	Mobilised	Mobilisation in progress	To be mobilised in future	May be mobilised	Available for any ad hoc meetings
-----	-----------	--------------------------	---------------------------	------------------	-----------------------------------

It is an exceptional crisis management process made up of technical experts in each constituency which reports into PSG	Closed attendance of Technical Experts	Mobilised / Ad Hoc	Ongoing	Ad Hoc

MHHS query and escalation processes

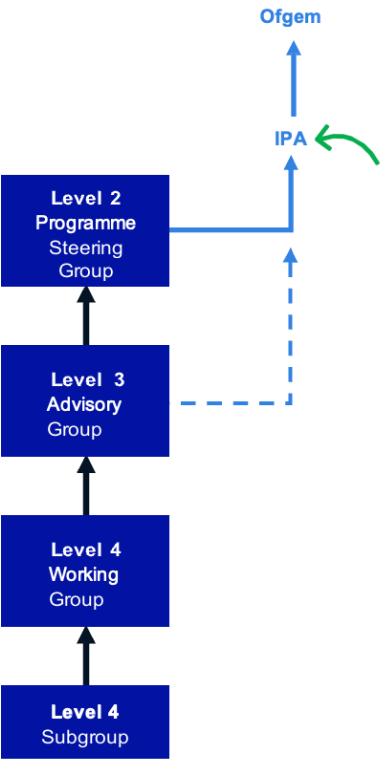

Escalation process

Formal escalations relating to a decision made via Programme governance should be escalated to the next level of Programme governance or to the IPA. Informal escalations on items such as general activity or approach should be escalated to the lowest level of Programme governance for the relevant workstream. The governance structure should be used for all escalations and participants should avoid directing concerns to specific points of contact. When raising an escalation, participants should provide clear context, rationale and any impacts if no action is taken (the format of the Change Request form could be used as a guide for the information required).

Formal escalation:

Participants can appeal to the IPA if they have concerns over a decision made via Programme governance. Participants should aim to resolve concerns first via Programme governance - this can be done by contacting the relevant meeting Chair via the PMO or via the relevant workstream mailbox. Escalations to Ofgem should take place via the IPA. It is recommended that any formal escalations or appeals include the relevant PSG Constituency Representative.

Participants are also reminded that anyone can raise a Change Request to the Programme at any time

Informal escalation:

Participants should raise informal escalations at the lowest possible point in the governance hierarchy. This can be done by contacting the relevant meeting Chair via the PMO or via the workstream mailbox. If escalating to a decision-making group, a participant should include the relevant constituency representative.

Anyone can raise agenda items to meetings for discussion. These will be reviewed and triaged internally first.

Note: this process is separate to Ofgem decision-making escalation criteria

General queries

General queries can be directed to the relevant Programme workstream by email. Each workstream owns a mailbox. An update-to-date list of workstream email addresses is available on the Website and Collaboration Base.

If you do not know where to direct a query, the Programme Party Coordinator (PPC) team can happily help at PPC@mhhsprogramme.co.uk

Contact Us

Programme email addresses have been set up to support participants. To help triage as quickly as possible, please use the most suitable email address below:

PMO@mhhsprogramme.co.uk for business related queries relating to Programme meetings or planning, including dPMO.

Design@mhhsprogramme.co.uk for queries on Design documents, comments or meetings.

Testing@mhhsprogramme.co.uk for queries on Testing documents, comments or meetings.

Code@mhhsprogramme.co.uk for queries on the Code workstream or code-related documents or meetings.

Migration@mhhsprogramme.co.uk for any queries on Migration Design.

Sims.Ems@mhhsprogramme.co.uk for queries on Simulators & Emulators, the DIP Simulator demo or to join our Sims & Ems Show & Tell sessions.

SRO@mhhsprogramme.co.uk for correspondence or information on strategy, governance or the Programme as a whole.

Comms@mhhsprogramme.co.uk for queries on the MHHS website, The Clock, Design Newsletter or media relations.

Extract of 'Contact us' webpage

Examples of this in action:

Participant query

A MCAG Constituency Representative believes a decision was made by the SRO at MCAG without solid rationale and against the majority

A participant believes a significant activity required in SIT has not been considered by the Programme at the SITWG

A participant wants to know more detail about an upcoming Testing deliverable

A participant has proposals on how to improve the communications process for consultations

Appropriate action

The participant should escalate to the PSG Chair via the PMO and via their PSG Constituency Rep. If this does not resolve their concern, they should escalate to IPA.

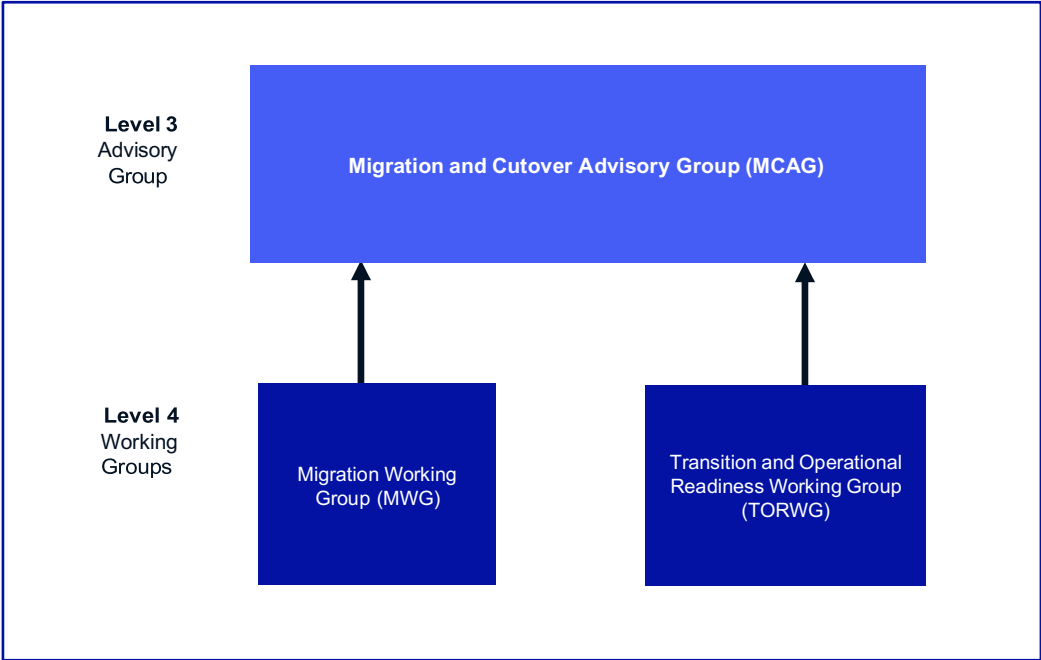

The participant should escalate to the SITAG by contacting their SITAG Constituency Rep and the SITAG meeting chair via the PMO and the workstream mailbox.

The participant should contact the Testing mailbox

The participant should contact the PPC mailbox
